

# *Biography*

## *George Kerr*

I am a member of the Blind River Rotary Club and was the Charter president in 1989. I am a retired school Principal and mathematics teacher. I am married to Marilyn who is a registered nurse. We have 5 children and they were all raised in Blind River and now live in Toronto , Bowmanville, Whitehorse , Vancouver and Calgary . Marilyn and I have been to 3 international conferences. We were Rotary volunteers and taught English as a second language in Thailand for 10 weeks and, in Tobago , I taught mathematics while Marilyn worked with AIDS patients for 10 weeks.

In 2000, we went to India along with 6 others from Blind River on a Polio Plus project and helped in a National Immunization day. I visited Brazil in September of 2001 as an evaluator and monitor of 15 different projects.

As a member of my local club I have been, and still am, active in all our projects and encouraged our club to be involved in a WCS project in India where over 200 people were fitted with dentures.
